

Charlie - Small group.
MCA - map the landscape.
Legislation - range of
services/resources

- experience + knowledge. Prior knowledge of person

- look for alternatives - what else can be done. anything
Broad.

map the landscape, think ahead, anticipating
events + consequences, navigating, contextual
situation, consensus, negotiation

- A person's life
person-centred
focus on person / whole life / holistic

- not just day onerous the other

- Able to change mind.
when you have enough data not failure
establish facts/info
Slowly pace.
judge how much info we need.
Testing reality.
Set of brakes.
Consider agenda of others.

data - whole group.

experience

trust in opinion of others

specimens

fairness

Attitudes

analyze as the series

Person holistically

Analytical interpreting info / gathering info - quickly.

Quickly build up with people - pick family person - trust confidence

risk - work out what risk is - objectively

Phases of risk + being transparent.

time - quickly or slow down.

use of time decisions don't have much time we have

one thing at a time
