

20 yrs from now.

What's happening now when someone reaches a MH crisis?

A pathway for discussion: no longer a phone call to refer but a plan to jointly consider & visit.

A robust crisis team with access to support services to try other things rather than MHA.

A MH A&E for PPI in crisis to drop in for support from multiagency team inc. AMHTs.

How are AMHTs approaching the decision about whether to proceed with a

• Informed by joint working & triage visits.

• A 'checklist' of what else has been tried.

• A shared decision with AMHTs & MDT.

-
- Chose to align systems
 - To partake in MDT mtgs
 - To base evidence on how decisions were made & outcomes to inform practice.

What decisions & choices did AMHTs make to pave the way for change?
