

Charlie Blue light meeting notes

Service Guide

- Get someone to check ~~net~~ boiler
- Any wiggle room with nets?
- Is in attendance support network
 - yes? more the nets.
- Carbon monoxide alarm?
- What is the trigger?

felt safe in 51st rule

- Attending environment - ARE (psyl) or can cope
- then maybe crisis back
 - concentration may be more productive

Get for 25mg tabs -
no wonder felt overwhelmed.

Changes to treatment - one tablet

rule at physical

- what was the urgency. Desperation from family
- Risk as boiler

- other different nets with lower running dose

- Earlier intervention
- One trigger for multi-agency response - connects us + the.
